Application of the Swedish Corporate Governance Code

Mekonomen Group applied the Swedish Corporate Governance Code ("the Code") with the following deviation in 2016:

Deviation from the Code (rule 2:4):

The Nomination Committee appointed Caroline Berg as the Nomination Committee Chairman as it was a natural choice considering the ownership structure of Mekonomen at the time.

On December 16, 2016 John S. Quinn was appointed to the Chairman of the Nomination Committee. On January 10, 2017 John S. Quinn was also elected as a Board member of Mekonomen. However, John S. On 27 November 2016, LKQ Corporation acquired 26.5 per cent of the total number of shares and votes in Mekonomen from Axel Johnson Aktiebolag. LKQ Corporation is thereafter the largest shareholder in Mekonomen and as a result of this, John S. Quinn, LKQ Corporation, was appointed a member of the Nomination Committee on 16 December 2016.

In connection with this, Caroline Berg, Axel Johnson AB Group, left her post in the Nomination Committee where she had also been the Chairman. Otherwise, the change in ownership gave rise to no changes in the composition of the Nomination Committee.

The Nomination Committee for the 2017 Annual General Meeting is thereby comprised of John S. Quinn, LKQ Corporation, Jonathan Schönbäck, Handelsbanken Fonder, Mats Gustafsson, Lannebo Fonder and Arne Lööv, Fourth Swedish National Pension Fund. In accordance with the guidelines, John S. Quinn has been appointed the Chairman of the Nomination Committee. Mekonomen's Chairman, Kenneth Bengtsson, was co-opted to the Nomination Committee. Fees are not paid to members of the Nomination Committee.

In accordance with the Swedish Corporate Governance Code, the Nomination Committee is to have at least three members, one of whom is to be appointed Chairman. The majority of these members are to be independent in relation to the company and company management and at least one of the Nomination Committee members is to be independent in relation to the company's

largest shareholders in terms of the number of votes. Mekonomen Group's Nomination Committee comprises four members, all of whom are deemed to be independent in relation to the company and company management. Mekonomen Group's Nomination Committee also meets other independence requirements.

The Nomination Committee's task is to present proposals to the Annual General Meeting concerning:

Specific information about the Board's work

Size and composition

According to the Articles of Association, the Board of Directors is to comprise three to seven members and not more than three deputy members. The company's Articles of Association have no specific provisions relating to the appointment and discharge of Board members or amendments to the Articles of Association. The Board of Directors is to be elected annually at the Annual General Meeting.

The Board of Directors shall consist of a well overall mix of the competencies that are important to govern Mekonomen's strategic work in a responsible and successful manner. Examples of such competencies include knowledge of retailing, the automotive industry, corporate governance, compliance to rules and regulations, financing and financial analysis as well as remuneration issues. Earlier Board experience is another important competency.

The Annual General Meeting on 12 April 2016 resolved that the Board was to comprise seven ordinary members with no deputy members. In accordance with the Nomination Committee's suggestion, the Annual General Meeting resolved to re-elect Kenneth Bengtsson (Chairman), Caroline Berg, Kenny Bräck, Malin Persson, Helena Skåntorp and Christer Åberg and to elect Mia Brunell Livfors as a new Board member (Executive Vice Chairman).

All ordinary members are independent in relation to the company and its management in accordance with the definition in the Swedish Corporate Governance Code. Five of the Board members are independent also in relation to major shareholders. The

President is not a member of the Board and neither is any other member of Group Management. A more detailed presentation of the Board members is provided on page 46.

Board members

In the opinion of the Nomination Committee, the Board has a suitable composition considering the company's operations, financial position, stage of development and circumstances otherwise. An important starting point for the proposal of Board members was that the Board's composition should reflect and provide space for the different knowledge and experience that the company's strategic development and governance may demand. The Nomination Committee has particularly observed the requirement of diversity and breadth in the Board and the requirement of striving for an even gender distribution. According to the Nomination Committee, the composition is suitable to be able to meet such needs in the company's operations.

Chairman

The Chairman of the Board, Kenneth Bengtsson, is not employed by the company and does not have any assignments with the company beyond his chairmanship. It is the opinion of the Board that Kenneth Bengtsson ensures that the Board conducts its assignments efficiently and also fulfils its duties in accordance with applicable laws and regulations.

The Board's working procedures

The Board is responsible for the company's organisation and management and is to also make decisions pertaining to strategic issues. The Board held 15 meetings in 2016, of which one was a statutory meeting. The minutes of the meetings were recorded by the Board's secretary, who is the Group's CFO.

Relevant meeting documentation was sent to all members prior to each meeting, which were then held in accordance with the approved agenda. On occasions, other senior executives participated in Board Meetings in a reporting capacity, as necessary. No dissenting opinions to be recorded in the minutes were expressed at any of the meetings during the year. The Board meetings during the year addressed the fixed items of each meeting agenda, such as business situation, financial reporting and investments. Other issues discussed in the Board during the year were strategies, market development, Mekonomen's Swedish operations, the Danish operations and recruitment of a new President. In addition, selected Board meetings discussed issues relating to annual accounts, interim reports and budget.

Assignments

In accordance with the requirements of the Code, the Board's aim was to devote particular attention to establishing overall goals for

the operations and decide on strategies by which to achieve these goals and to continuously evaluate the operating management, with the aim of ensuring the company's governance, management and control. The Board is responsible for ensuring that suitable systems are in place for the monitoring and control of the company's operations and the risks to the company associated with its operations, that control is implemented of compliance with laws, internal guidelines and other regulations and that the provision of external information is open, objective and relevant. The tasks of the Board also include establishing necessary guidelines for the company's conduct in society with the aim of securing its long-term value-creating ability.

There are written instructions that regulate the internal rules of procedure in the Board and the distribution of assignments between the Board and the President, and for the reporting process. The instructions are reviewed annually and are primarily: the rules of procedure for the Board's work, instructions for the President and authorisation regulations.

The Board evaluates its work every year and it is the duty of the Chairman of the Board to ensure that evaluation is performed. In 2016, the Chairman organised a written questionnaire for all Board members. The collective opinion based on the 2016 evaluation is that the Board's work functioned well and that the Board fulfilled the Code's requirements regarding assignment of the Board.

The Annual General Meeting resolved, in accordance with the proposal from the Nomination Committee, to allocate Board fees amounting to SEK 2,210,000, of which SEK 550,000 to the Chairman of the Board and SEK 310,000 to the Executive Vice Chairman, and SEK 270,000 to each of the other Board members. Board Committees

The Board has established a Remuneration Committee and an Audit Committee. From 12 April 2016, the Remuneration Committee comprised Kenneth Bengtsson (Chairman), Malin Persson and Mia Brunell Livfors. Group Management

President

The President is appointed and may be discharged by the Board and his work is continuously evaluated by the Board, which occurs without the presence of Group Management.

Magnus Johansson resigned as the President and CEO of Mekonomen Group on 6 October 2016.

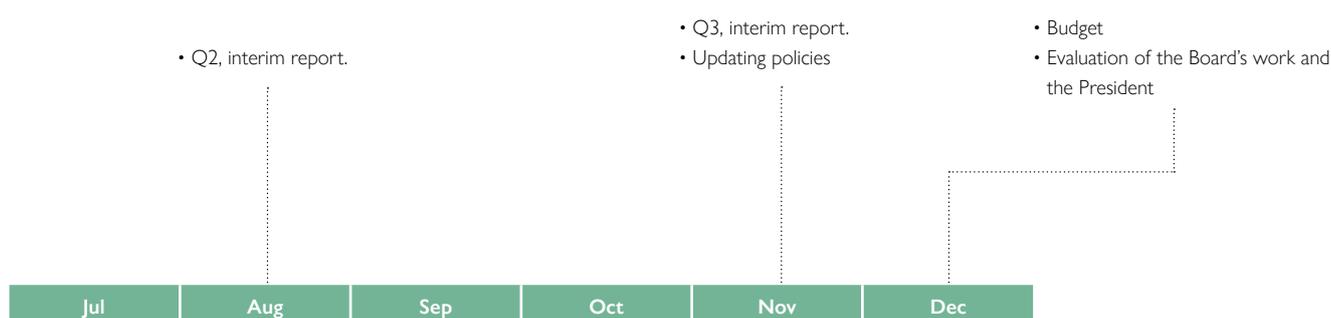

Pehr Oscarson is President and CEO of Mekonomen Group since 1 March 2017. Previously, acting President and CEO of Mekonomen Group from 6 October 2016. In addition to his assignment for Mekonomen Group, Pehr is the Vice Chairman of SBF (Sveriges Bilgrossisters Förening - Swedish Automotive Wholesalers' Association), and a Board member of Fresks Holding AB and Oscarson Invest Aktiebolag. Pehr Oscarson has no shareholdings or partial ownership in companies that the Mekonomen Group has significant business ties with.

Group Management

At 31 December 2016, Group Management consisted of the President and CEO, the Executive Vice President, the CFO, the President of Sørensen og Balchen, the Corporate Supply Chain Director and the Corporate HR Director. A more detailed presentation of Group Management is found on page 47.

Remuneration of senior executives

It is considered very important to ensure that there is a clear link between remuneration and the Group's values and financial goals in both the short and the long term. The guidelines for remuneration of senior

executives approved by the 2016 Annual General Meeting entail that the company is to offer market-based remuneration that allows the Group to recruit and retain the right executives, and entail that the criteria for determining remuneration is to be based on the significance of work duties and employees' competencies, experience and performance.

Remuneration is to comprise:

- fixed basic salary
- variable remuneration
- pension benefits
- other benefits and severance pay

The guidelines encompass Group Management, including the President. Remuneration is determined by the Board's Remuneration Committee. However, remuneration of the President is determined by the Board in its entirety.

The President Pehr Oscarson has a fixed cash basic salary per month and a short-term cash variable salary portion, which is based on the company's earnings and individual qualitative parameters and that can amount to a maximum of 33 per cent of the basic annual salary. Pension premiums are payable in an amount that is based on the ITP plan. Other benefits consist of a company car. The period of notice for the President is 12 months if employment is terminated by the company, and six months if terminated by the President. For information on remuneration of the former President Magnus Johansson, see Note 5 on page 65.

The distribution between basic salary and variable remuneration is to be proportionate to the senior executive's responsibilities and authorities. The short-term variable remuneration for other senior executives is based on the Group's earnings and on individual qualitative parameters and can amount to a maximum of a certain percentage of the fixed annual salary. The percentage is linked to the position of each individual and varies between 33 and 60 percentage points for members of Group Management. Other benefits refer primarily to company cars. Pension premiums are paid in an amount that is based on the ITP plan or a corresponding system for employees outside Sweden. Pensionable salary comprises basic salary. The period of notice is 12 months if employment is terminated by the company, and six months if terminated by the employee. Severance pay for termination on the part of the company may amount to a maximum of one annual salary.

At the 2016 Annual General Meeting, it was also resolved that Group Management and a number of selected, business-critical senior executives may receive long-term variable remuneration from the company.

The criteria for determining the variable remuneration portion for each individual is decided by the Board's Remuneration Committee, and for the President by the Board in its entirety. The long-term variable remuneration is to be profit-based and calculated on the Group's earnings for the 2016-2018 financial years. The entire bonus programme, as an expense for the company, is to amount to a maximum of SEK 32 M for the period. Furthermore, an additional requirement to the above is that the average price paid for the Mekonomen share on Nasdaq Stockholm on the last trading day in December 2018 is to exceed the Nasdaq Stockholm PI index for the programme period. The bonus may be realised in whole, in part or not at all depending on the consolidated profit during the duration of the long-term remuneration programme. The right to variable remuneration presupposes that the executive is still employed at the 2019 Annual General Meeting. No bonus was reserved as per 31 December 2016 pertaining to this bonus programme.

In connection with the approval of the remuneration programme by the Annual General Meeting, the earlier programme that ran during the financial years 2014–2016 ceased to apply. No

Auditors

The auditors are appointed at the Annual General Meeting and are charged with reviewing the company's financial reporting and the Board's and President's management of the company. At the 2016 Annual General Meeting, PricewaterhouseCoopers AB (PwC), with Authorised Public Accountant Lennart Danielsson as Auditor in Charge, was appointed as the auditing firm until the 2017 Annual General Meeting. PwC has an organisation comprising broad and specialised competency that is well-suited to Mekonomen Group's operations and has been the company's auditing firm since 2014.

PwC submits an auditor's report for Mekonomen AB (publ.) and for the company's subsidiaries. The auditors also perform a review of the third-quarter interim report. The audit is conducted in accordance with International Standards on Auditing (ISA) and generally accepted auditing standards in Sweden. The audit of annual report documents for legal entities outside Sweden is conducted in accordance with statutory requirements and other applicable rules in each country.

The Board report on internal control regarding financial reporting

Under the Swedish Companies Act, the Board shall ensure that the company's organisation is structured so that accounting, financial management and the company's financial affairs otherwise can be adequately controlled. The Swedish Corporate Governance Code ("the Code") clarifies this and prescribes that the Board is responsible for internal control. This report is prepared in accordance with the Annual Accounts Act and the Code. The reporting is limited to addressing internal control concerning financial reporting in accordance with the Code, item 7.4.

The Board supervises the quality of the financial reporting through instructions to the President. It is the President's duty, jointly with the Group's CFO, to review and quality-assure all external financial reporting including financial statements, interim reports, annual reports and press releases with financial content, as well as presentation material in connection with meetings with the media, shareholders and financial institutions.

The rules of procedure decided annually by the Board include detailed instructions on, for example, the financial reports and the type of financial information to be submitted to the Board. In addition to financial statements, interim reports and annual reports, the Board examines and evaluates comprehensive financial information that pertains to the Group as a whole and to the various units included in the Group.

The Board also examines, primarily through the Board's Audit Committee, the most significant accounting policies applied to the financial reporting by the Group, and significant changes to policies in the reporting. The Audit Committee's duties also include exami-

ning internal and external audit reports regarding internal control and the processes for financial reporting.

The Group's external auditors report to the Board as required, but at least once a year. At least one of these meetings, the President and CFO leave after presenting their formal reports to enable Board members to conduct discussions with auditors without the participation of senior executives. The Group's external auditors also participate at the meetings of the Audit Committee. The Audit Committee reports back to the Board after every meeting. All Audit Committee meetings are minuted and the minutes are available for all Board members and the auditors.

Control environment

The control environment represents the basis for the internal control over financial reporting. An important part of the control environment is that decision paths, authorities and responsibilities must be clearly defined and communicated between various levels in the organisation and that the control documents are available in the form of internal policies, handbooks, guidelines and manuals. Thus, a key part of the Board's work is to prepare and approve a number of fundamental policies, guidelines and frameworks. These include the Board's rules of procedure, Instructions for the President, Investment policies, Financial policies and the Insider policy. The aim of these policies is to create a basis for sound internal control.

Furthermore, the Board focuses on ensuring that the organisational structure provides distinct roles, responsibilities and processes that benefit the effective management of the operation's risks and facilitate goal fulfilment. Part of the responsibility structure includes an obligation for the Board to evaluate the operation's performance and results on a monthly basis, through appropriate report packages containing income statements, balance sheets, analyses of important key figures, comments pertaining to the business status of each operation and also quarterly forecasts for future periods. The Board has established an Audit Committee to assist the Board specifically in the financial reporting. To help strengthen the internal control, Mekonomen Group has prepared a financial handbook that provides an overall view of existing policies, rules and regulations and procedures within the financial area. This is a living document, which is updated continuously and adapted to internal and external changes. In addition to the financial handbook, there are instructions that provide guidance on daily work in stores and the rest of the organisation, for example, pertaining to stock taking and cash-register reconciliation, etc.

Risk assessment

Mekonomen Group conducts continuous surveys of the Group's risks. In these surveys, a number of items are identified in the financial statements and administrative flows and processes where there is an elevated risk of error. The company works continuously on these risks by strengthening controls. Furthermore, risks are addressed in a special forum, including questions related to start-ups and acquisitions. For a more detailed description of risks, refer to Risks and uncertainties in the Administration Report and in Note 37 Financial risks.

Control activities

Risks of errors in the financial reporting are reduced through a high level of internal control over the financial reporting, with specific focus on significant areas defined by the Board. Within Mekonomen Group, the control structures comprise an organisation with clear roles that enables effective and, from an internal control perspective, suitable division of responsibilities, specific control activities that aim to identify and prevent risks of misstatements in the reporting in time.

Examples of control activities include clear decision-making processes and decision orders for significant decisions, results analyses and other control activities within significant processes. Control activities within these processes are e.g. analytical follow-up, spot checks, account reconciliation, inventory checks in stock and stores and engagement reviews.

Internal audit

In 2016, Mekonomen Group hired the auditing firm Deloitte to conduct the internal audit in the Group. The internal audit functions as an independent and objective assurance and advisory function, which creates value and increases certainty in internal control. This is done by evaluating and proposing improvement in such areas as risk management, compliance with policies and efficiency in the internal control over the financial reporting. The function works throughout the Group. Reporting is done to the Audit Committee, the President and the CFO and information is provided to management in each business area and other units on the results of the audits performed.

Information and communications

Policies and guidelines are particularly important for accurate accounting, reporting and dissemination of information. Policies and guidelines on the financial process are continuously updated at Mekonomen Group. Such updates mainly take place in each Group function for the various operations through e-mails, but also at regular CFO meetings in which representatives from the Group finance function participate. For communication with internal and external parties, a communications policy is in place that states guidelines for conducting communication. The aim of the policy is to ensure that all information obligations are complied with in a correct and complete manner.

Follow-up

The Board continuously evaluates the information submitted by Group Management and auditors. In conjunction with this, the Audit Committee was responsible for the preparation of the Board's work to quality assure the Group's financial reporting. The CEO and CFO hold monthly reviews of financial position with each Head of Operations. Group finance function also cooperates closely with the Group company finance managers and controllers of Group companies on matters pertaining to accounting and reporting.
